

GUMGWANG ENGINEERING & CONSTRUCTION CO., LTD.

## PIONEER 1957 **GUMGWANG**

10<sup>th</sup> floor, 163 Mapodaero, Mapo-gu, Seoul, Korea 04130  
[Seoul Credit Guarantee Foundation Building]  
TEL: 82-2-2280-0296 [www.kukdong.co.kr](http://www.kukdong.co.kr)

The Gumgwang's initial 'ㄱ' overlapped on the round circle that represents the world and the cosmos, symbolizes Gumgwang's corporate spirits which are diligence, skills, and pioneering. The 3 parallel lines illustrate the influence of Gumgwang spreading across the world as well as its leap towards being a global company.

The thickness of the circle is adjusted to display the enterprising spirit of the company, and the horizontal symmetric structure shows harmony and balance along with moderation and compatibility which presents the company's determination to contribute to the well-being of mankind.

The main color of the company, blue, is chosen to provide trust and stability to the clients as well as the will to overcome the challenge to becoming a blue-chip company.

BENESTA, a compound word of Benefit and Star, is the representative apartment brand of Gumgwang E&C which pursues the harmony of nature, technology, and consumers.

The blue bird and the sun that represent the nature and the moon and the stars that represent a restful residence are combined with the typography of the logo. The word BENESTA also embodies the words Best and Nest which symbolizes the residential housings constructed with the most advanced technologies.

It also expresses the corporate philosophy of Gumgwang to provide the maximum welfare to our clients.

**PAVING NATURE  
IN A NATURAL  
MANNER**

With the humble stance that human is also part of nature, With the belief that mankind and nature must co-exist, With the construction philosophy that nature is not to be tempered, Gumgwang takes a step ahead to innovate. The green technology that harmonizes both human and nature.

# BRIDGING CULTURE TO CULTURE

PIONEER SINCE 1957  
**GUMGWANG**

We are no longer simply looking at the destination. We can now reach the destination at will.  
The company that bridged different cultures together through advanced construction technology that blends into nature.  
Gumgwang's eco-friendly green technology is rapidly transforming the current of communication.

# TRANSCENDING THE VALUE OF RIVER

PIONEER SINCE 1957  
**GUMGWANG**

We rest when monsoon seasons come. We share when suffering droughts.  
The company that vitalizes mankind's life through transforming the  
mother nature's power into beneficial energy.  
Gumgwang is maximizing the value of nature with its 60 years  
of eco-friendly technology.

# VITALIZING THE NATURE

PIONEER SINCE 1957  
**GUMGWANG**

Space where we become one with mother nature.  
Space where we learn the composure of mother nature.  
The company that seeks for the harmony of man and nature  
by preserving the nature of its beauty.  
Gumgwang vitalizes Korea with its cutting edge, eco-friendly technology.

**With the synergy of multiple companies and using 60-year-contributions to the local economy to further its growth, Gumgwang is making strides onto the global stage.**

Since its foundation in 1957, Gumgwang Construction Co., Ltd has overcome challenges with continued efforts to overcome challenges and enhance innovative technologies. This made significant contributions to Korea's construction industry, as well as the local economies.

Gumgwang has played a crucial role in the growth of the nation through diverse projects ranging from SOC(Social Overhead Capital) such as roads, railways, bridges, and ports, eco-friendly construction projects conducted with advanced technology and design, to various industrial facilities such as waste treatment facilities, tank terminals, and inland complex terminals. In particular, Gumgwang has accumulated uncontested technology in the field of eco-friendly technology for a better future. Furthermore, by creating high-quality employments in the Honam Region where employment rate was severely low, Gumgwang has presented a solution that benefitted both the residents and the company leading to becoming the representative construction company of Honam.

Gumgwang has developed through constant technology development and rightful management, and is now stepping forward to one of top 10 construction companies in 2030. We are here to sprint as a construction company that prepares for the future faster than any others and stands out on international stages, by extending across the diversity of the sectors we work in to attain the growth engine, selecting and focusing on the most suitable projects which will lead to profit, securing competitiveness in terms of absolute costs best in the industry, and offering a holistic solution through creative working environment that respects different views.

Please continue to watch us with affection as we challenge ourselves at the world stage fueled by the generous love and support that the residents of Honam has showed us for the past 60 years. Gumgwang promises to put in limitless effort to become the global company that continues to create the best values as well as take the social responsibilities.

Thank you.

President / PE **Dong Hak Lee**

# BUSINESS AREAS

**Company that pioneers green technology,  
Gumgwang takes a step ahead once again.**

At the center of Gumgwang's technology, there has always been human and nature.

Thus we have always pursued for green technology that not only adjusts to the dynamic tides of the world, but also respects the nature.

All the industrial projects that Gumgwang underwent has been applied with eco-friendly green technology that accommodates both human and nature.

run in the construction industry over half a century.  
We will build the tomorrow of Korea with the 61 years of our  
history and tradition.

## HISTORY

- 1957. -Established / Business name Gumgwang Engineering & Construction
- 1968. -Transferred headquarter to 117 Daein dong, Gwangju city
- 1976. -Transferred headquarter to 129 Geumnamro 5 ga, Dong-gu, Gwangju metropolitan city
- 1981. -Acquired electric work license type 1 (No. 73)
- 1989. -Transferred headquarter to 416-3 Haggang myeon, Woogwa myeon, Goksung goon, Jeon nam  
-Acquired paving work business license (No. 207)
- 1991. -Registered Business license for housing land development (No. 91-40)  
-Acquired firefighting facility construction work (machinery - electricity category) business license (No. 91-10)
- 1992. -Decided eligible for military supplier (No. 2349651)  
-Acquired Steel re-installment work business license (No. 89)
- 1994. -Acquired landscaping work business license (No. 53)
- 1996. -Transferred headquarter to 222 Manyeong ri, Hwasoon eup, Hwasoon goon, Jeon nam  
-Registered as overseas contractor (No. 208)
- 1997. -Acquired ISO9001 / KSA9001 / ENISO9001 certifications  
-Acquired Industrial facility works business license (No. 97-60)
- 1998. -Information and Communication Works Business Act Grade 1 (No. 140095)
- 1999. -Acquired ISO9001, KSA14001 certifications  
-Acquired Y2K certification
- 2003. -Acquired Dredging works business license (No. 2003-25-01)
- 2004. -Registered as Air pollution prevention facility business (No. 7)
- 2007. -Acquired New Environment Technology certification by the Ministry of Environment (No. 236)  
-Acquired New Environment Technology certification by the Ministry of Environment (No. 239)
- 2012. -Acquired Civil engineering works business license (No. 2012-12-02)  
-Acquired Water supply and drainage facility works business license (No. 2012-11-01)  
-Acquired Steel and Concrete Works Business license (No. 2012-09-02)
- 2013. -Acquired type 1 Gas facility construction works business license (No. 2013-23-01)
- 2015. -Transferred headquarter to 85-1 Choongui ro, Hwasoon eup, Hwasoon goon, Jeonnam  
-Acquired Facility maintenance works business license (No. 2015-29-01)
- 2017. -60th anniversary  
-Announced group vision for 3 construction companies (Namkwang Engineering, Kukdong Engineering & Construction, Gumgwang Engineering & Construction)

## ACHIEVEMENTS

- 1995. -Selected as the excellent contractor / Developed Gwangju High-Tech Industry Park
- 1996. -Stone Tower Industrial medal
- 1997. -Award certificate / Contribution to stable residential life with rental house supply
- 1998. -Diligent tax payment / Minister of Finance and Economy  
-Appreciation plaque / New construction of Jeil Bank Gwangju branch  
-Award certificate by Gwangju metropolitan city mayor / the 2nd beltway  
-Appreciation plaque by Gwangju metropolitan city subway construction headquarter Gwangju metropolitan city subway zone 1-3  
-Announced as appointee of '97 Excellent contractor / Minister of Maritime Affairs and Fisheries  
-Aware certificate by the minister of Government Administration and Home affairs / West coast Expressway  
-Award certificate by Gwangju metropolitan city mayor / Gwangju city subway line 1 zone 1-3  
-Award certificate by Gwangyang city mayor / Selected as '98 Excellent contractor  
-Award certificate by Jeonnam governor / Protection of fraudulent construction and enhancement of competitiveness
- 1999. -Award certificate by prime minister of Government Administration & Home Affairs/Fulfillment of tax obligation  
-Designated as excellent contractor / Jeonnam governor  
-Credit report / Corporate bill, credit rating  
-ISO14001 certification  
-Credit evaluation report  
-Y2K certification
- 2000. -Quality assurance system certificate / ISO9001  
-Appointment letter / Korean language promotion campaign  
-Credit report / Corporate bill, credit rating  
-Gold prize for 2000 Quality Control Contest  
-Award certificate by Hampyeong goon governor / Treatment of sewage, livestock wastewater and human waste in Hampyeong  
-Excellent quality management district / Gosi and Yoocheon districts  
-Award certificate by Wonju Local Land Management Office / Contribution to development of Construction and Transport
- 2001. -Assigned as excellent contractor, notification notice  
-Credit report / Corporate bill, credit rating
- 2002. -Excellent construction plaque by Korea National Housing Corporation / Masan Samgye apartment  
-Environmental management system certification / KSA14001, ISO14001  
-Excellent contractor appointment letter / Agricultural infrastructure construction  
-Excellent contractor appointment letter / Gyeongbuk Pohang Education office  
-Appreciation plaque by Shinan goon governor  
-Industry-University Cooperation Agreement / Songwon University  
-Credit evaluation report / Korea Housing Guarantee Gwangju branch  
-Award certificate by the Minister of Construction and Transportation / Construction CALS - EC  
-Award certificate by Iksan Local Land Management Office
- 2003. -Selected as excellent contractor by KT (Sasang telecom zone site)  
-Selected by Korea Highway Corporation as the superior environment management site / Seoul mayor prize for Yeongju - Jecheon zone 10 / Contribution in the completion of Seoul subway line 6  
-Presidential award / Contribution in completion of Seoul subway line 6  
-Commendation by minister of Labor / Contribution in site safety management for Ssangyong SweetDotHome in Bora ri
- 2003. -KT subcontractor certification / KT Jeonnam office head  
-Excellent contractor appointment letter / Agricultural infrastructure construction  
-Environmental management system certification / KSA9001:2001,ISO9001:2000  
-Civil engineering defect management association member certification  
-Dun & Bradstreet - D&B  
-Award certificate by the Minister of Environment  
-Award certificate by the Minister of Construction & Transportation / Contribution in development of construction and transportation works  
-Award certificate by Jeonnam governor / Contribution in local economy development Sampo-Sanho  
-Award certificate by Gwangju metropolitan city mayor / City subway line 1
- 2004. -Excellent contractor appointment letter / Agricultural infrastructure construction  
-Excellent contractor plaque for agricultural infrastructure construction / Bongjung - Yeongma - Naeri - Woondae district  
-Excellent contractor appointment letter / Jeonnam governor  
-Award certificate by Gwangju metropolitan city mayor  
-Award certificate by the prime minister as acting president / Gwangju subway construction  
-Credit report / Corporate bill, credit rating  
-Encouragement letter from Korea Land & Housing Corporation / Excellent site management in Yongin Bora  
-Appreciation plaque by the head of Dong gu office, Pusan metropolitan city  
-Award certificate by Gwangju metropolitan city mayor / The 2nd belt way  
-Award certificate by the head of Jeonnam Post office  
-Award certificate by Gang Cheol Gyu of Fair Trade Commission  
-Listed Agricultural infrastructure works / '04 National Quality Circle Contest
- 2005. -Excellent contractor appointment letter / Agricultural infrastructure construction  
-Excellent contractor appointment letter (road and transportation facility categories) / Gwangju metropolitan city mayor  
-Excellent contractor appointment letter (Geumma - Yeeonmudae) / Iksan Local Land Management Office  
-Award certificate by Gwangju metropolitan city mayor / Promotion of local physical education  
-Appreciation plaque from Yesan goon governor / Ddansen bridge construction work  
-Appreciation plaque from Hwasoon goon governor / Fulfillment of local tax obligation  
-Appreciation plaque from Gangjin National Scholarship Foundation / Participation in promoting human resource development  
-Award certificate by Jeonnam / Contribution in development of Jeonnam construction business
- 2006. -Service mark registration certificate / Korea Intellectual Property Office head  
-KT excellent contractor certificate / KT property development team head  
-Award certificate by Suwon mayor / Establishment of Suwon Welfare Center for the disabled  
-Award plaque by Ulsan metropolitan city / Development of local construction industry  
-Appreciation plaque from Korea Land Trust / Miryong dong and Miah market projects in Goonsan  
-Award certificate by president Roh Moo Hyun / Construction of national road 27 - Kim Pan Joong  
-Award certificate by the Minister of Construction & Transportation
- 2007. -Appreciation certificate for donation to Baekwoon Scholarship Foundation / CEO of Baekwoon Scholarship Foundation  
-Osan Segyo (treated as Gumgwang Engineering & Construction) / the head of Korea Land & Housing Corporation Osan new city team
- 2008. -Certificate of merit by Wando governor / Completed Nohwa-Bogil construction  
-Road transportation facility, civil engineering facility category at Korea Civil engineering - Construction Award  
-Grand prize / Maeil Business Newspaper, Architectural Institute of Korea, Korean Society of Civil Engineers  
-Award certificate by the Minister of Land, Transport and Maritime Affairs
- 2009. -Excellent contractor plaque by Korea Rural Community Corporation / Hongbo district Gyeolsung zone 3  
-Excellent contractor appointment letter / Jeonnam  
-Award certificate by Republic of Korea National Red Cross / Contribution in development of Red cross projects
- 2010. -Excellent contractor appointment letter / Korea Rural Community Corporation  
-Excellent contractor plaque from Korea Rural Community Corporation / Gwangui district and Oma district  
-Award plaque by Gwangju metropolitan city mayor / Happy and creative city Gwangju - Kook Yoon Sung
- 2014. -Award certificate by Jeonnam governor / Contribution to coexistence and cooperation
- 2015. -Award certificate by Iksan Local Land Management Office of Ministry of Land, Transport and Infrastructure Haenam - Namsongcheon bridge in National road line 13
- 2017. -Appreciation plaque by Construction Guarantee Cooperative / CEO of Construction Guarantee Cooperative  
-Appreciation plaque from Hampyeong governor / Development of abandoned coastal land
- 2018. -Excellent contractor plaque by Korea Rural Community Corporation / Mihak district drainage improvement work

## MAJOR EXPERIENCE

### CIVIL WORKS

#### Roads-Bridges-Tunnels

–Gogunsan archipelago connecting road construction
–Naju station - Bitgaramcity road construction
–Construction of Bridge connecting Hauri & Sinui Island.
–Sinji - Gogeurm road construction
–Construction of Bridge connecting Dongdo & Seodo Island.
–Saemangeum north and south 2 axis road 1st phase ( Zone 3 )
–Cheonan huimang-[] underground way construction work
–Jungangro - Gajwa connection road construction
–Highway No.40 line Chungju - Jecheon construction ( zone 3 )
–Establishment of Gunpo & Uiwang city planning facilities (Jungro1-62line and four other roads)
–Hadong-Jukryang national road construction
–Dongducheon Sangpaero - Sinsaro
–Dongseo Green peace road construction
–Construction of Bridge connecting Jamjin & Muui Island.
–Construction of Bridge connecting Deokjeok & Soya Island.
–Sihwa MTV wide area transportation improvement measures coastal road construction
–Former Sungju grand bridge rebuilding construction
–Seopoong industrial estate access road construction
–Dogye-Seokjeong state support local road construction
–Namak new town Oryong dist. housing site development business
–Namchang 1st bridge
–Highway No.25 line Gangjin - Gwangju construction ( zone 6 )
–Daesin dist. access road cstruction
–Nam-Do grand bridge construction works
–Waegwan-Gumi national route construction
–Pyeongdong industrial complex access road construction work
–Local road No.23 (Mabuk-Singal) extension & pavement at Suwon Youngtong District
–Gwangju belt-highway 3 section zone1(Hydeok IC - Pungam dist.)construction
–Youngdeok-Seongnae road extension & Pavement
–Okgok-Baekcheon road construction
–Pyeongdong industrial complex access road (Kwangju women’suniversity - Honam expressway) construction work zone 2
–Wando-Sinjido land fast bridge construction works
–Borim temple bypass construction
–Iro-Songjeong bypass construction, Dong-Hae city
–Miro-Samchuk road extension & pavement
–Bridge connecting Nohwa & Bogil Island
–Nam-Chang 3 bridge construction
–Hapdeok Shinyewon (zone 1) road extention & pavement
–Geo-Gum do landfast bridge construction works (Phase 1)
–Gui-Iseo bypass construction, Jeon-Ju city
–Hyunri-Sinpal road construction
–The Section-3 of Yeosu National Industrial Complex Approach Road
–The Section-2 of Yeosu National Industrial Complex Approach Road
–Highway No.40 line Eumseong - Chungju construction ( zone 5 )
–Sinyang - Sinpung road construction work
–Access road (South), Bang-Hwa grand Bridge
–Jeokgum-Youngnam landfast bridge construction works
–Yeoncheon-Sintanri road construction
–Highway No.14 line Gochang - Damyang (JangSeong - DamYang)construction ( zone1 )
–Access road construction, Song-Do, IT Industrial complex
–Gurye-Gwangyang local road extension & pavement (Block 1)
–Sungju-Waegwan road extension & pavement
–Beom2 cross road, underground way construction work

–Sudong-Anui road extension & pavement
–Hoejin -Yongsan road construction
–Hwawon - Sampo road extention & poavement
–An-Chang grand bridge construction
–Hwasan-Gacha local road extension & pavement
–Yeonbak-Bongyang road extension & pavement
–National road No.3 line Gakseo dist. Improvement construction of dangerous road
–West-coast highway (Gun-San to Mu-An) Construction
–National route No.18, Jin-Do grand bridge improvement
–Younggwang-Haebo road extension & pavement(Miljae Tunnel)
–Bang-Hwa grand Bridge
–Gyeon-Ma bridge construction works
–Neungju-Hwasan road extension & pavement
–Tamjin dam, road relocating & improvement (County road No.12)
–Access road, Wang-Am Industrial dist.
–Goheung-Namyang road extension & pavement
–Sampo-Sanho local road extension & pvement
–City planning road (Carrefour-Palma stadium) extension and pavement, Yeon-Am 3dist.
–Dongbok bypass construction & pavement
–Gumma-Yeonmudae road extension & pavement
–Uchi (Gwan-JU)-Damyangbong road extension
–Seosu-Gunsan road extension & pavement
–Gochang - Damyang Highway (JangSeong - DamYang) construction (zone1 )
–Munnae-Hwangsan road extension & pavement
–Jusaeng-Gwangchi bypass construction ,Namwon city
–Guseong-Sinpung road construction
–Younggwang-Haebo road extension & pavement

#### Railways-Metros

–CIncheon City rail road 2nd line, Block 202
–Gimpo Metro, Roadbed works Block4
–Jinju - Gwangyang rail road , double-track construction project
–Ho-Nam Express rail road, Roadbed works Block 4-4
–Gyung-Bu Express rail road, Roadbed construction Block1-2
–Gwan-Ju city Rail road construction, Block 1-3
–Gwan-Ju city Rail road construction (Nam-Gwangju cross road-Gwang-Ju bank, Gum-Nam ro)
–Gyeongbu line Osan Busan 4 dist. soundproofing facility
–Ulsan line 1.53-3.40km renewal of existing curves
–Gyung-Chun rail road, Double-track subway construction Block 4.

#### Dams-Harbors

–Expansion project of Sappgyo breakwater sea dike sluice
–Reinforcement work of the north breakwater & fishing port breakwater in Pohang Yeongilman harbour
–Construction of Changyoo harbour and the other project
–The Guspjo port Using advanced business
–The Hupo marrina port development project
–Deuk-Am Harbour construction project
–Si-San Harbour construction project
–In-Cheon North harbour, Wharf (3 ships) construction
–DRY DOCK construction, Yeonggwang
–Gun-Jang Harbour, General merchandise cargo wharf (2 ships) construction
–Do-Jang Harbour construction project
–Bu-San Harbour, Wharf construction for fare collection ships
–Yeo-Suh Harbour construction project
–Nam-Hae Harbour maintenance construction project
–Jeju lho amusement park construction project
–Jukbyeon - Bongpyeong dist coastal maintenance project
–Yeo-Cheon tank terminal, Exclusive wharf construction (100,000 DWT)

–So-An Harbour construction project
–Pyung-Taek terminal, Exclusive wharf construction (30,000 DWT)
–A-San National Industrial dist. Pyung-Taek, LPG station, Harbour construction project
–Po-Hang new harbor 8 wharf, Pier renovation
–Sa-Dong Harbour construction project
–Eo-Ran-Jin Harbour construction project
–Nok-Dong Harbour construction project
–Yeo-su Industrial District, Lee-Sun-Sin Brand Bridge

#### Land Developments

–Construction of marine tourist resort complex for Expo 2012
Yeosu Construction of Land development project in Cheungju Yulyang 2 district
–Construction of Land development project in Incheon Seochang 2
–Construction of Land development project in Chuncheon Udu dist.
–Construction of site renovation in Namyangju DasanJingun dist.
–Land development & Infrastructure development, Dang-Jin, Won-Dang
–Regional industrial complex Land development (zone 1), Gwang-Ju(Pyeong dong 2nd phase)
–Land readjustment project(1 zone), Infrastructure development, Nang-Wol district
–Land development (Zone 1), No-Eun 2 dist. Dae-Jeon
–Bora Housing Land development & Infrastructure development, Yong-In

–Project for Adapting to Climate Change Impacts throught the Construction of Water Impounding Facilities in the Philippines (Province of Isabella, Province of Bukidnon)

# With 200 years of history, our goal is to grow into a **top 10 Korean construction company**

We are ready to grow into a global corporation valued not only in Korea but also in the global industry by working in a wide range of sectors to develop growth engines, selecting and focusing on the most suitable projects that will lead to profitability, securing the best cost competitiveness, and offering a holistic solutions through creative working environment that respects different views.

## **Green Technology for the Coexistence of Humanity and Nature**

We put the comfort of the next generation over  
the convenience of our generation.  
We secure the value of nature, not of money.  
We are a company that pioneers green technology  
with unrivaled edge.  
Gumgwang is your trustworthy partner.
